Hi Camille,

I conducted my weekly site inspection at Highland Estates yesterday. The site has been very quiet for some time, but Bob said that they will be starting in on utility installation either today or next week. I have asked that he fix the silt fence on Lot 11 prior to the start of grading/earthwork to protect the riparian zone.

Please let me know if you have any questions.

Thanks so much!

Hi Bob,

It was nice to see you onsite yesterday at Highland Estates. As we discussed please repair the silt fence on Lot 11 prior to the start of fine grading onsite. The fencing along the southern side of the lot has fallen into disrepair, and needs to be replaced to protect the riparian zone. I understand that you will have a laborer onsite today, or early next week. Please provide a photo of the repaired fencing once it has been completed.

Thanks so much!
