Camille –

I'm not sure why YOU are contacting me for this. **The applicants are not contacting me directly for updates – they claim to be getting no response, but they are not contacting me.** My last email from them was 5/17 with the as-built. In the meantime, YOU have contacted me three times, but that is not actually with any information.

I went out to this site yesterday. They need to make some fixes, and then they need to update the O&M because they completely changed the design of the stormwater features – I need to confirm they are still C.3 compliant. I need to get the info together, but I have three other sites that are farther along AND have signoffs from other review divisions that I need to get to first.

I am going as fast as I can, but when they completely change the design of the system and fail to mention it, it will obviously cause some delays.

Noel –

Do you actually want temp C of O? **NO ONE has requested Temp C of O from me.**

-Melody

FYI – What else do you need to sign off drainage final? O&M Agreement changes?

Hi Camille,

We are closing in on completing the To Do List to receive the temporary certificates of occupancy. One place where we are still not getting a response is from Melody. She needs to sign off on the BKF civil engineering letter which includes drainage.

Any chance you might please hurry her along?

Thanks,

Noel
